Subject: 1,700 homes on West Lilac

Dear Mr. Slovick

I just ran across an article in the newspaper that ran back on June 18th, regarding a planned development for 1,700 homes off West Lilac in Valley Center.
My wife and I would like to put in our two cents worth.
We live in Vista, and ride our motorcycle over that beautiful bridge and along West Lilac every time we go riding.
There are very few stretches of road in North County that that are so exquisite, so low in traffic, and also this far west.
This stretch of road is a treasure that belongs to all San Diegans, not just a few.
We feel that the only people to gain from this proposed development are the developers. L2-1
