"RCFE Disaster Preparedness Task Force"

Who We Are & What We Do

RCFE Disaster Preparedness Task Force is a collaborative group of RCFE administrators and providers working together to support in Disaster Preparedness, Response and Recovery.

Who We Are & What We Do

Residential Care Facilities for the Elderly (RCFE), Disaster Preparedness Task Force, is a voluntary system that will inject RCFE facilities into a network of support:

- With other providers, city and county services,
- Evacuation assistance for RCFE's and their residents,
- And to provide relocation assistance into other like facilities, allowing continuity of quality care.

Who We Are & What We Do

Command Officers & Area Coordinators

The Task Force is represented by Command Officers (CO) and Area Coordinators (AC) covering 6 San Diego County Areas:

- North Coastal
- North Inland
- North Central
- Central
- East
- South

COs and ACs function as a liaison between all facilities and the task force - sharing research information, needs, and questions - for evaluation and resolution. This helps to build relationships, educate, and problem solve – ***PROACTIVE BEFORE*** a disaster strikes.

Who We Serve

Our residents have a wide range of functional needs from using a cane to using a wheelchair; from slight sight impairment to complete loss of sight; from daily medication reminders to full medication dispensing; from needing a handle bar in the shower to needing a lift to receive full personal care; and from occasional forgetfulness to complete loss of memory.

Who We Serve

County of San Diego

	# of RCFE facilities	# of RCFE residents
1 – 10	512	3032
11 – 50	54	1155
