Samantha Sommersby lives in San Diego with her husband and fifteen year old son. She is the author of ten novels and novellas including the critically acclaimed *Forbidden* series. In 2007 Samantha left what she used to call her "real life" day job as a psychotherapist to pursue writing full-time. She now happily spends her days immersed in the world of the *Forbidden*, a world where vampires, werewolves, and demons are real, where magic is possible, and where love still conquers all.□□ Website: samanthasommersby.com
