Comments:

THIS LANDFILL RISKS THE AQUIFER OF THE SAN LUIS REY RIVER - THE SOURCE OF THE HIGHEST QUALITY WATER IN SAN DIEGO COUNTY, WHICH SUPPLIES 25% OF OCEANSIDE'S WATER - THE SECOND-LARGEST CITY IN THE COUNTY. THIS AQUIFER TOOK MILLIONS OF YEARS TO DEVELOP AND CANNOT BE REPLACED. ALL LANDFILL LINERS LEAK WITH TOXIC LEACHATE PERMEATING FRACTURED BEDROCK WHICH CANNOT BE REMEDIATED.

WHY ARE WE WILLING TO RISK DESTROYING A MILLION YEARS-OLD AQUIFER FOR 30 YEARS OF GARBAGE STORAGE - FOR LOS ANGELES' GARBAGE? THAT'S WHERE THE MONEY IS, AND THAT'S WHY IT IS BEING BUILT - WHY ELSE WOULD THE OWNERS REFUSE TO CONTRACTUALLY LIMIT ITS CAPACITY TO SAN DIEGO COUNTY - GENERATED WASTE?

WE HAVE REDUCED OUR WASTE STREAM AND HAVE NO NEED FOR THIS DANGEROUS FACILITY!

WATER IS PRECIOUS!

L.A. GARBAGE IS NOT!
