COUNTY OF SAN DIEGO, CALIFORNIA
BOARD OF SUPERVISORS POLICY

Subject	Policy Number	Page
Extending Sewer Lines Within the San Diego County Sanitation District	I-48	1 of 1

Purpose

To provide a policy regarding extension of sewer lines within the San Diego County Sanitation District ("District").

Background

It is not prudent for District forces to construct sewer line extensions because this capability is available in the private sector, and because providing sewer extensions is disruptive to the District's maintenance program, which has limited staffing. Under this policy, persons desiring sewer extensions will be directed to secure private contracts.

Policy

It is the policy of the Board of Supervisors, acting as the Board of Directors of the San Diego County Sanitation District, that:

Sewer extensions shall be accomplished by private contract.

Sunset Date

This policy will be reviewed for continuance by 12-31-26.

Board Action
