Dear Mr. Eichar:

Thank you for the opportunity to comment of the Notice Of Preparation for the EIR of the Harmony Grove Village South project.

I have been a resident of Harmony Grove for 20 years and have seen the traffic in front of my house incresase to the point I thought I lived on the freeway. From 5:30am until at least 7:00pm every night it is practically non stop with people using my street to get to the coast either to of from work or from the new homes being built futher west of my residence.

I can only imagine what the traffic will be like with the new proposal with the Harmony Grove Village south project. This is not in keeping with our rural atmosphere. The main reason I chose to move here in the first place.

Thank you for consideration

Jean Walton
