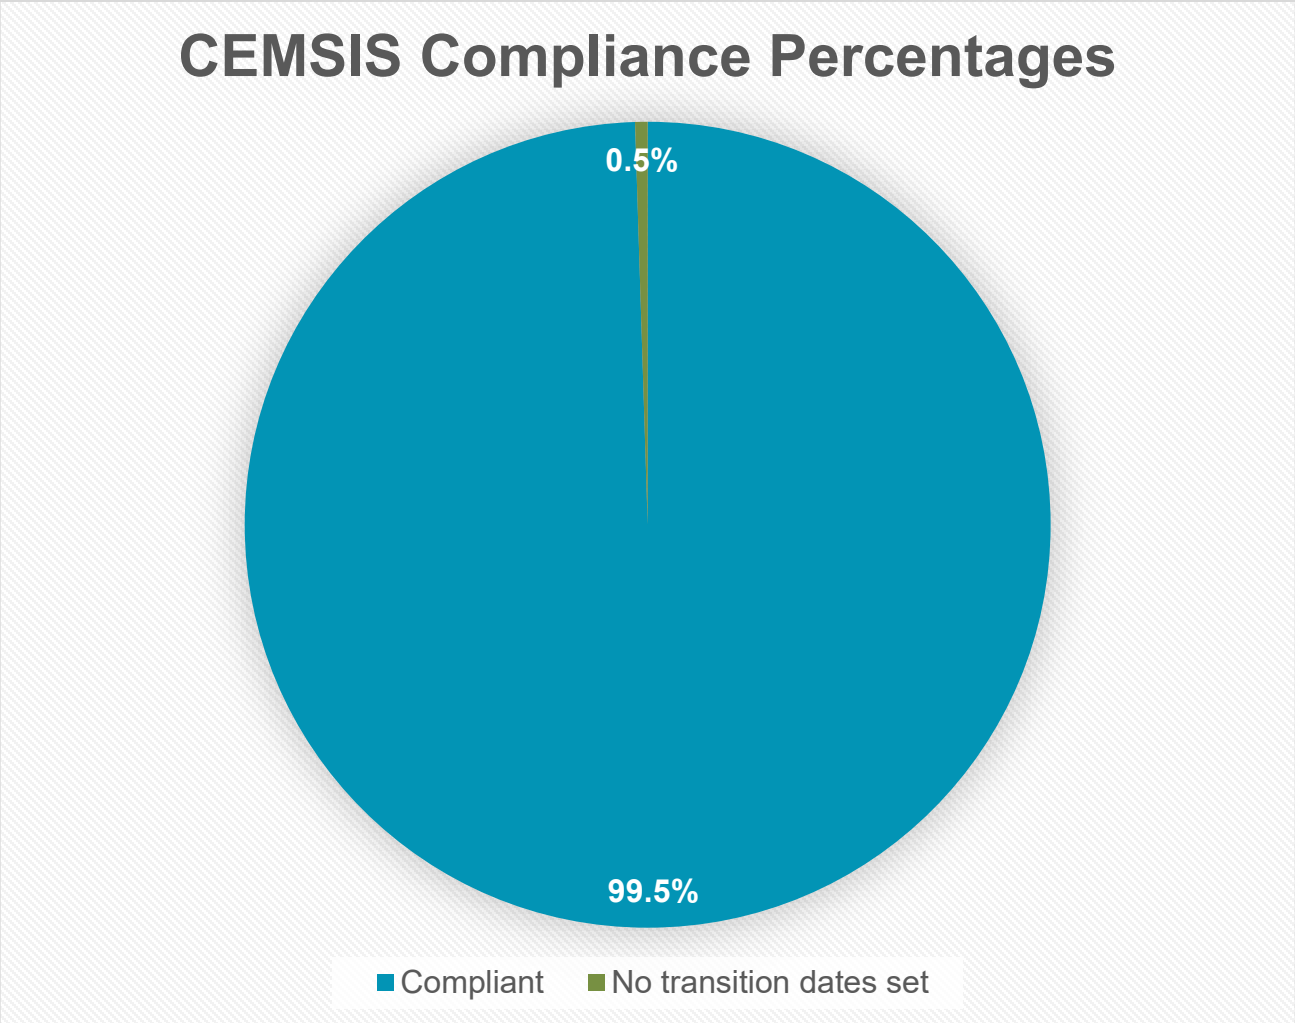
Not Compliant:	9
• Import in NEMSIS v3.4	1
• Data submission plan received	2
• No data submission plan received	6
• 911 service	1
• Non-911 service	5
Federal Entities with Data Transition Projects	3
Grand Total	**59**

911 Data Compliance

- EMSA expects approximately 470,000 911 records from San Diego County organizations annually
- Non-compliant 911 services account for approximately 2,600 records annually



CEMSIS & LEMSIS Updates

- Three EMSA data collection memos:
  - *Documentation of Emergency Medical Services Personnel License or Certification Numbers for any Medication Administered or Procedure*
  - *Improving Documentation for Trauma Triage Criteria for Emergency Medical Services Patients with a Trauma Related Primary Impression*
  - *Clarification and Addition for California Emergency Medical Services Information System Procedures Limited Pick List*
- Working through technical impacts of these changes

CEMSIS & LEMSIS Updates

- Upcoming LEMSIS Data Standard Update
  - Improve Type of Service Requested (eReposnse.05) labels
  - Clarify Response and Transport Mode documentation
  - Daylight upcoming medication (eMedications.03) and procedures (eProcedures.03) list updates
