NEIGHBORHOOD EVACUATION TEAM

In collaboration with
Community Emergency Response Teams (CERT)
Designed to be a realistic approach to
preparing for emergency situations where community actions can make a difference

There are more than 30 local CERT programs and 1300 sworn and active CERT members trained and ready to serve their communities

Since 1993, CERT has helped local communities across the US. Members build essential skills to prepare for and respond to many types of disaster. There are now programs in all 50 states.

WHAT WE DO?

- Pair CERT members with neighbors in their community that may need assistance with evacuation planning
- Complete a Disaster Preparedness Plan for People who may need assistance and their Caregivers
- Assist neighbors in registering for AlertSanDiego and downloading the SD Emergency App
- Assist neighbors in planning for an evacuation

HOW DO I JOIN?

For more information about how you can become part of the Neighborhood Evacuation Team or to request for a NET member to assist you please visit visit www.ReadySanDiego.org/GetInvolved
or
call 858-565-3490

NEIGHBORHOOD EVACUATION TEAM

The Neighborhood Evacuation Team can help you be more prepared for emergency situations.

For more information go to www.ReadySanDiego.org/GetInvolved

BE PREPARED NOW BY

Locating fire extinguishers, gas & water shut offs, and the main circuit breaker.

Creating an emergency contact list & identifying alternate methods of communication.

Developing a Personal Disaster Plan

Building an emergency supplies kit.

Having meetings once a year to update your emergency plan.

Creating a map of your home and locating all possible exits in your house.

Registering for ALERT San Diego at ReadySanDiego.org and downloading the SD Emergency App.
