Finance Other

Description

Finance Other includes miscellaneous funds and programs that are predominantly Countywide in nature, have no staffing associated with them or exist for proper budgetary accounting purposes. Responsibility for these funds and programs rests primarily with departments in the Finance and General Government Group.

The funding levels for these programs are explained below and shown in the table that follows.

Cash Borrowing

These appropriations fund the cost of financing the County's short-term cash borrowing program. During the course of the fiscal year, the County could experience temporary shortfalls in available cash due to the timing of expenditures and receipt of revenues. To meet these cash flow needs, the County issues Tax and Revenue Anticipation Notes (TRANs). Typically, TRANs are issued at the beginning of the fiscal year and mature at the end of that fiscal year. The TRAN amount for Fiscal Year 2013-14 is \$60.0 million. See also the section of this document on Debt Management Policies and Obligations.

Community Enhancement

The Community Enhancement program provides grant funding for cultural activities, museums, visitor and convention bureaus, economic development councils and other similar institutions that promote and generate tourism and/or economic development at the regional and community levels throughout San Diego County. Per Board of Supervisors Policy B-58, *Funding of the Community Enhancement Program*, the amount of funding available for the Community Enhancement program approximately equals the amount of Transient Occupancy Tax (TOT) revenues estimated to be collected each fiscal year. Applications for grants are submitted to the Board of Supervisors by March 1 for the upcoming fiscal year, with approval of projects given through the budget adoption process. The funding level for Fiscal Year 2013-14 is budgeted at \$2.68 million, \$2.6 million of which reflects anticipated TOT revenues. The additional \$0.08 million is a one-time appropriation based on General Fund fund balance from over-realized TOT revenues in Fiscal Year 2011-12.

Neighborhood Reinvestment Program

The Neighborhood Reinvestment Program (formerly Community Projects) is governed by Board of Supervisors Policy B-72, *Neighborhood Reinvestment Program*, and provides grant funds to County departments, public agencies, and nonprofit community organizations for one-time community, social, environmental, educational, cultural or recreational needs. Resources available for the program are subject to budget priorities as established by the Board of Supervisors. Recommendations for grant awards are made throughout the year by individual Board members subject to approval by the Board of Supervisors as a whole. The funding source is General Fund fund balance. The funding level for Fiscal Year 2013-14 is budgeted at \$5.0 million.

Contributions to County Library System

For Fiscal Year 2013-14, a one-time appropriation of \$0.9 million was established in Contributions to the County Library System for various maintenance and enhancement projects to libraries throughout the county. No appropriations are projected for Fiscal Year 2014-15.

Contingency Reserve - General Fund

A Contingency Reserve of \$20.0 million is budgeted for Fiscal Year 2013-14 and \$20.0 million is approved for Fiscal Year 2014-15. These appropriations comply with the target of 2% of General Purpose Revenue (GPR) for the Contingency Reserve as outlined in Board Policy B-71, *Fund Balance and Reserves*. At \$20.0 million, the Contingency Reserve represents 2.0% of the Fiscal Year 2013-14 budgeted GPR and Fiscal Year 2014-15 estimated GPR (\$978.0 million and \$986.1 million, respectively). These appropriations are a source of funding for unanticipated needs,

events or for various uncertainties that may occur during the fiscal year. It also provides a cushion in the event of revenue shortfalls.

Contributions to Capital Program

These appropriations represent the General Fund cost for new or augmented capital development or land acquisition projects. For Fiscal Year 2013-14, \$43.9 million is budgeted in the Contributions to Capital Program. Of this total, \$9.8 million is for a new Alpine Library, \$8.4 million is for a new Imperial Beach Library and to improve the connectivity with the Imperial Beach Community Center, \$10.0 million is for the acquisition of land under the Multiple Species Conservation Program (MSCP), \$2.0 million is for the Lake Morena Electrical Upgrade, \$5.0 million is for the Assessor, Recorder, County Clerk (ARCC) El Cajon Branch Office Building to replace the existing facility, \$1.8 million is for the San Elijo Gateway Property Acquisition, \$1.0 million is for the San Diego Botanic Garden Acquisition, \$2.5 million is for the 4S Ranch Synthetic Turf South Ball Fields, \$3.1 million is for the San Luis Rey River Park Acquisition and \$0.3 million is for the 4S Ranch shade structure.

For Fiscal Year 2014-15, \$2.5 million is recommended for MSCP land acquisition.

Lease Payments - Capital Projects

The appropriations for this program are for the annual lease payments due to the San Diego County Capital Asset Leasing Corporation (SANCAL) and the San Diego Regional Building Authority (SDRBA) on the County's outstanding Certificates of Participation (COPs) and Lease Revenue Bonds, the proceeds of which were used to finance various capital projects. The budget of \$38.7 million in Fiscal Year 2013-14 is a net decrease of \$4.6 million from the Fiscal Year 2012-13 Adopted Operational Plan as a result of decreases in certain scheduled leases, partially offset by the start of a lease payment for the Cedar & Kettner Development Project.

The Fiscal Year 2014-15 payments are estimated at \$37.2 million, a net decrease of \$1.5 million. See the Capital Program section of this document for the detail on the lease purchase payments.

Commitment for Unforeseen Catastrophic Events

In Fiscal Year 2007-08, the Board of Supervisors established a Commitment for Unforeseen Catastrophic Events, previously identified as a General Reserve, of \$55.5 million.

Once established, only changes to the commitment are shown in subsequent budgets. Government Code §§29085-29086 allows for the creation of this commitment and restricts the ability to decrease this amount to only the time of budget adoption. Subsequent to budget adoption, the commitment may be increased, but amounts may only be used for legally declared emergencies as defined in Government Code §29127. The amount of the County's Commitment for Unforeseen Catastrophic Events is governed by Board Policy B-71, *Fund Balance and Reserves*, which sets a target amount that is equivalent to 5% of budgeted GPR. At \$55.5 million, it equates to 5.7% of Fiscal Year 2013-14 budgeted GPR of \$978.0 million and, therefore, exceeds the 5% target level. No additional contribution to the commitment is projected for Fiscal Year 2014-15 because the balance is anticipated to remain in excess of the 5% target.

General Fund Minimum Fund Balance for Economic Uncertainty

Board Policy B-71, *Fund Balance and Reserves*, requires that the County maintain prudent levels of fund balance and reserves to help ensure fiscal stability and establishes target levels for the Contingency Reserve, the Commitment for Unforeseen Catastrophic Events and a General Fund Minimum Fund Balance for Economic Uncertainty. The first two of these three components are discussed above. For the third component, the target requires that a minimum amount of unassigned fund balance equivalent to 10% of the budgeted GPR be available for economic uncertainty. In Fiscal Year 2009-10, the Board of Supervisors established a General Fund Minimum Fund Balance for Economic Uncertainty, previously identified as a Designation, at \$100.0 million, slightly above the 10% level. In accordance with Government Accounting Standards Board Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54), the amount representing the Minimum Fund Balance for Economic Uncertainty was reported in the County of San Diego Comprehensive Annual Financial Report as unassigned fund balance starting in Fiscal Year 2010-11. For Fiscal Year 2013-14, the 10% target level is \$97.8 million, but the original \$100.0 million amount will remain in place. For Fiscal Year 2014-15, the 10% target level is projected to be \$98.6 million, under the \$100.0 million which will remain in place.

Countywide General Expenses

The primary objective of these appropriations is to fund Countywide projects and other Countywide needs. Budgeted at \$28.0 million, the major components of the Countywide General Expenses program in Fiscal Year 2013-14 are:

- A Pension Stabilization Fund in anticipation of higher payments to the County's retirement fund in future years.
- Contribution to the Information Technology (IT) Internal Service Fund to support the Countywide component of the IT outsourcing contract.
- Contribution to the Employee Benefits Internal Service Fund to support workers' compensation costs based on the transfer settlement between the County and the State for pre-calendar year 2000 workers' compensation cases for court employees.
- Pension payments required by the County Employees Retirement Law that must be paid by the County in accordance with Internal Revenue Code §415(m).
- Miscellaneous appropriations for unanticipated program needs.

Countywide Shared Major Maintenance

In Fiscal Year 2013-14, appropriations totaling \$1.7 million are budgeted for major maintenance projects at County facilities that are shared by departments from multiple groups. The funding level for Fiscal Year 2014-15 is projected to be \$2.0 million. Appropriations for major maintenance projects are otherwise budgeted by the department/group that directly benefits from the improvements.

Employee Benefits Internal Service Fund

In Fiscal Year 1994-95, the County established an Employee Benefits Internal Service Fund (ISF) to report all of its employee risk management activities. The appropriations for this fund support claim payments and administrative costs of the County's self-insured workers' compensation program and unemployment insurance program expenses.

Workers' compensation rates (premiums) are charged to individual departments based on that department's ten-year experience (claim history) and the department's risk factor based on its blend of occupational groups as established by the Workers' Compensation Insurance Rating Bureau (WCIRB) of California. WCIRB has developed a classification system based on potential risk of injury. An annual actuarial assessment is prepared by an actuary to

estimate the liability and capture the costs associated with all reported and unreported claims. As of June 30, 2012, the estimated liability was \$113.0 million and the cash balance was \$106.6 million. As of June 30, 2013, the estimated liability increased to \$132.5 million and the cash balance as of June 30, 2013 is \$108.0 million. Appropriations for Fiscal Year 2013-14 reflect a \$6.3 million increase in the workers' compensation budget from the Fiscal Year 2012-13 Adopted Operational Plan primarily due to increased claims payments and an increase in the Contingency Reserve to \$3.0 million. A \$3.0 million Contingency Reserve is planned for Fiscal Year 2014-15.

The County is self-insured for unemployment benefit costs and therefore must reimburse the State for any unemployment benefit payments that are attributed to a claimant's previous employment with the County. County departments provide the funding source for these payments. Beginning in Fiscal Year 2010-11, unemployment insurance rates (premiums) are charged to departments based 70% on each department's five-year claims experience and 30% on budgeted staffing levels. Budgeted appropriations for Fiscal Year 2013-14 reflect a \$0.3 million decrease over the Fiscal Year 2012-13 Adopted Operational Plan, primarily due to decreased claims payments.

Local Agency Formation Commission Administration

These appropriations reflect the County's contribution to the San Diego Local Agency Formation Commission (LAFCo) in accordance with provisions in Government Code §56381. LAFCo is a State chartered regulatory agency with countywide authority. LAFCo performs studies and renders jurisdictional decisions affecting the boundaries and government structure of cities and special districts. Through Fiscal Year 2000-01, LAFCo was funded exclusively by the County and user fees. Beginning with Fiscal Year 2001-02, funding for LAFCo is shared by the County, the 18 cities, 61 independent special districts in San Diego County as well as user fees. Appropriations of \$0.4 million are budgeted for Fiscal Year 2013-14 and \$0.4 million are projected for Fiscal Year 2014-15.

Public Liability Internal Service Fund

In Fiscal Year 1994-1995, the County established the Public Liability Internal Service Fund (ISF) to report all of its public risk management activities. The County is self-insured through the ISF for premises liability at medical facilities, medical malpractice, errors and omissions, false arrest, forgery, automobile and general liability. The cost to General

Fund departments, other funds and special districts is distributed based on a weighted risk factor: 90% allocated based on the last five years' loss experience and 10% based on staff hours of exposure. The County contracts with an actuary to annually assess the long-term liability of the fund to determine an adequate level of reserves. The estimated liability for June 30, 2012 was \$25.9 million. As of June 30, 2012, the fund had a cash balance of \$35.5 million. The estimated liability for June 30, 2013 decreased to \$24.0 million and the cash balance as of June 30, 2013 is \$40.5 million. The budgeted appropriations of \$18.9 million in Fiscal Year 2013-14 are offset by \$13.8 million in charges to departments, \$5.0 million of available fund balance to mitigate unanticipated expenses and \$0.1 million in interest earnings of the fund.

Pension Obligation Bonds

The appropriations for this debt service fund reflect the scheduled principal and interest payments and related administrative expenses for the 2002, 2004, and the 2008

taxable Pension Obligation Bonds (POBs). With the final prepayment of eligible taxable POBs, the remaining principal and interest payments are structured as level debt service in the amount of \$81.5 million annually. See the Debt Management Policies and Obligations section of this document on page 96 for more information on the POBs, including the history, outstanding principal and scheduled payments.

Debt Service Local Boards

This represents the debt service payment for Majestic Pines, which was issued in January 1973 for the construction of a water distribution system in the Julian area. The cost was offset by a special assessment on properties located within the service area. The debt was paid off in January 2012, therefore no further appropriations will be budgeted for Majestic Pines.
