2015 Branch 2 & 3 Structural Pest Control Business Registration

News

Save time! Save money! If you are using **CalAgPermits** to submit your use reports, you are no longer required to send us your structural stamps. You can now just enter the stamp number on the same page you enter your monthly summary pesticide use report on the report page in CalAgPermits. Tutorials and staff are available to assist you. If you are interested in using CalAgPermits to submit your use reports, visit our website www.sdcounty.ca.gov/awm/envreg.html or contact your inspector for more information.

On July 1, 2014, new restrictions went into effect for rodenticides with the active ingredients: **Brodifacoum, Bromadiolone, Difenacoum, Difethialone**, commonly known as **Second Generation Anticoagulant Rodenticides (SGARs)**. These restrictions are found in **Title 3 of the California Code of Regulations section 6471** and may impact your use of SGARs. Contact your inspector to learn more about this new regulation.

On January 1, 2015, approximately 40 statutes in the Structural Pest Control Act will go into effect. Here are some of the changes:

- The expiration date for registered applicator licenses will be June 30th.
- Extends the period of time that an unlicensed employee may apply pesticides under direct supervision to 90 days.
- The statute of limitations for a County Agricultural Commissioner to take fining action is extended from one year to two years.
- Allows Business and Professions Code section 8538 "**Notice to Occupant**" to be delivered by electronic mail.

Effective January 1, 2015, **we will no longer administer exams at the County office**. All structural license exams will be administered by a computer based testing system offered through the Structural Pest Control Board (SPCB). If you have any questions regarding testing, please call the SPCB at (916) 561-8704.
