## **2016 Agricultural Water Quality Registration Notice**

The Department of Agriculture, Weights and Measures (AWM) protects and improves water quality by preventing the discharge of pollutants such as pesticides, fertilizers, bacteria, and sediment into our waterways. AWM ensures compliance of local stormwater regulations by conducting inspections and investigations at nurseries, greenhouses, cemeteries, golf courses, and pest control businesses within the unincorporated areas of San Diego County.

The County of San Diego Board of Supervisors has established an annual Agricultural Water Quality registration fee of \$100 per location for qualifying agricultural businesses that AWM inspects. Your 2016 Agricultural Water Quality registration fee is due and payable by January 1, 2016. *Payment will be credited to any existing delinquent fees first.*

**Use Best Management Practices – BMPs** – to reduce water pollution. A flyer addressing required stormwater quality BMPs is included for your reference. Visit AWM's Agricultural Water Quality webpage at [www.sdcounty.ca.gov/awm/ag\\_water.html](http://www.sdcounty.ca.gov/awm/ag_water.html) for additional resources.

**Inspections:** In 2014, to improve efficiency we began recording all our inspections electronically. After creating an **electronic inspection report** we will email you a copy of the completed inspection. Please use the space provided on your registration form to provide an **email address** where you would like the inspection report sent.

If you have any questions, please contact Supervising Agricultural/Standards Inspector Ryan Wann at (858) 614-7748 or [Ryan.Wann@sdcounty.ca.gov](mailto:Ryan.Wann@sdcounty.ca.gov). Thank you for your timely cooperation in completing the registration process.
