### News

There are recent changes to personal protective equipment (PPE) regulations regarding protective eyewear and chemical-resistant gloves. The changes are found in **Title 3 of the California Code of Regulations sections 6738.2 and 6738.3**. Visit our website at: [www.sdcounty.ca.gov/awm/pesticides.html](http://www.sdcounty.ca.gov/awm/pesticides.html) or contact your inspector to learn more about these regulations. These changes include:

- Protective eyewear needs to be ANSI Z87.1-2010 rated.
- Chemical resistant gloves must be 14 mils or thicker.

**New this year: you can now pay your registration fees online.** Please see the enclosed flyer for step by step directions.

**Save time! Save money!** Over half of structural pest control businesses now use **CalAgPermits** to submit pesticide use reports saving time and effort. If you are not already using on-line reporting, give it a try. If you are a **dual licensed company**, be sure to report your usage under the appropriate license number; agricultural pesticides under your agricultural license number and structural pesticides, including Second Generation Anticoagulant Rodenticides, under your structural license number. Visit our website at [www.sdcounty.ca.gov/awm/envreg.html](http://www.sdcounty.ca.gov/awm/envreg.html) or contact your inspector for more information to get started.

Your **email address** is more important than ever. Please be sure we have your current email address. Your email address allows us to communicate easily with you all year. We now record all of our inspections electronically. With **electronic inspection reports**, we email you a copy of the completed inspection form. Please use the space provided on your registration form to provide an email address where you would like the inspection report sent.
