# Absorbent Material

Do not put saturated absorbent material in the trash

1. Absorb spilled waste or material.

**Do not use cardboard or wood to cover spills.**

2. Store absorbent used to clean up the spill in a closed, labeled container .

3. Dispose of saturated absorbent as a hazardous waste using a registered hazardous waste hauler.

# Batteries

Prevent acid and lead contamination from batteries

1. Lead acid batteries that are cracked or leaking must be contained to prevent the release of their hazardous components.

2. Keep receipts of number of battery cores sent for recycling.

**CONTAINS HAZARDOUS OR TOXIC WASTE**

COUNTY OF SAN DIEGO CUPA-DEPARTMENT OF ENVIRONMENTAL HEALTH-HAZARDOUS MATERIALS DIVISION

Containers holding hazardous waste must be labeled with all the information listed below:

1. The accumulation start date for the waste
2. The words "HAZARDOUS WASTE."
3. The composition and physical state of the waste.
4. Hazardous properties of the waste.
5. The business name and address.

# Mercury Switches

1. Keep switches in a closed plastic container.
2. Label container with "Used Mercury Switches."
3. Mark the label with the accumulation start date (the date when the first mercury switch was added).
4. Store onsite for up to a year.
5. Dispose of switches to a mercury recycling facility.

# Used Oil Filters & Used Fuel Filters

**Oil filters must be:**

- Drained for at least 24 hrs
- Stored in a closed and labeled container
- Sent off for recycling.

**Disposal receipts must be kept available for**

# Used Oil

**Remove waste oil from vehicle taking care not to spill it.**

**Transfer waste oil to permanent oil containers as soon as possible and before the end of the day**

**Keep drums closed, dry and properly labeled**

**Manage waste oil as a hazardous waste and send it off for recycling**

**Maintain consolidated manifests available for review during inspections to document recycling**

# Antifreeze

Coolant

1. Remove  
antifreeze from  
vehicles

2. Store in an  
approved, labeled and  
closed container

3. Send waste  
antifreeze for  
recycling  
Keep consolidated  
manifests for review
