OPEN: This beach is currently being monitored and/or sampled. Most recent monitoring and/or sampling data indicate beach meets State Health Standards and is open for recreational use.

ADVISORY: This beach exceeds the State Health Standards due to high bacteria levels. The Department of Environmental Health & Quality (DEHQ) **ADVISES** beach goers to avoid water contact.

Advisory Types:

- General (Rain) Advisory (no signage posted)
- Bacterial Exceedance Advisory
- Precautionary Advisory

WARNING: This beach may be impacted by sewage and DEHQ is **WARNING** beach goers that contact with the water may cause illness.

CLOSED: This beach is **CLOSED** to water contact due to an imminent health threat associated with a sewage or chemical spill.
DEHQ DIRECTS BEACH GOERS TO STAY OUT OF THE WATER.

OUTFALL: A storm drain, river, creek, lagoon, or other source of runoff has been reported to exist near this location. Beach users are directed to avoid contact with runoff and recreational waters within at least 75 feet from where runoff enters ocean and bay waters. Not all outfalls are posted with signs.
