Date: Tuesday, November 12, 2013 11:44:13 AM

Megan,

I understand Maggie received the Biological Technical Reports late Friday and Donna received the Cultural Resources Report for Rugged on Thursday. They will be reviewing those reports and will then need to go through the EIR chapters as well. Their reviews of these documents will require the rest of this week and may likely stretch into next week depending on other project priorities.

Thanks,

Robert Hingtgen, Planner III

Thanks Mindy. We received Geology, EFNTBS, Traffic, and Utilities on Friday. Thanks for getting all those to us.

The only sections we are waiting on are biology and cultural. As long as we get those by mid-week next week and there are no major issues we can make the November 20th submittal date.

Thanks,
Megan
