Dave,

We need to meet as soon as possible and discuss the processing of this project related to AB 900, and how to include pertinent information related to that in the NOP/Notice documents. Given that the legal ad is due today for NOP publishing this Thursday, we may need to delay this one week. I'm available all day today.

Thanks,
Rob

All,

The NOP docs for Soitec are here: [S:\PUBLIC REVIEW\2012\11-29\Soitec NOP](#). Could you please review and let me know if you have any changes? The legal ad is due tomorrow afternoon and the rest of the documents need to be completed before Thursday.

Thanks, Mark
