Categories: Red Category

Ashley – Thank you very much. I am in the process of reviewing the plans and other information you sent, and will get back to you with any questions. I also spoke with Joe Farace about Land Use Policy I-111, and he was a big help in understanding that better.

Please also add my contact information below to the distribution list for the Tierra del Sol project. I am interested in receiving all available notices and information related to the project, by e-mail if possible. If an NOP has already been issued for the project, please forward a copy of that as well.

Again, many thanks for your assistance.

Sincerely,

Bill Swiacki (CTR)

Hi Bill,

In response to our conversations this morning, I wanted to provide the follow up information you had requested.

Attached are copies of the most recent plot plan and project description provided by the project applicant. I have also provided a copy of the project application form which give the zoning on page 2.

The public NOP meeting for this project is scheduled for December 18th at 6:00pm in the community of Boulevard. I will send you the NOP notice when it is available.

The following is the link to previous Planning Commission hearings:

http://www.sdcounty.ca.gov/pds/PC/sop/PCHearing_stream.html. As I mentioned, you may need to have Silverlight to view this page.

The Boulevard Community Planning Group discussed this project at their August 2, 2012 meeting. A copy of the minutes is attached.

Finally, the contact information for staff who can assist you with questions on the I-111 and potential revisions or updates is Joe Farace. His number is 858-694-3690.

Please take a look at the documents and feel free to contact me with any additional questions. Please also send me your contact information so that I can ensure you are added to our distribution list.

Thank you,

Ashley
