**AB 900 Application for Environmental Leadership Certification**

Director Wardlaw:

As you are aware, Soitec has applied to the California Governor's office to request certification of the Soitec Fabrise San Diego Projects (the "Project") as a Leadership Project subject to streamlined environmental review pursuant to the Jobs and Economic Improvement through Environmental Leadership Act of 2011 (the "Act"), Cal. Pub. Res. Code § 21178 *et seq.* In the attached letter that you received, Soitec has acknowledged and agreed to its obligations under the Act as set forth at Cal. Pub. Res. Code §§ 21183(d), (e), and (f). (See Attachment 1, Letter from Mr. Clark Crawford to State Clearinghouse January 2, 2013).

As required by Public Resources Code section 21183(d), Soitec agrees that all mitigation measures required pursuant to CEQA to certify the Project under the Act shall be conditions of approval, and those conditions will be fully enforceable by the County of San Diego or another agency designated by the County. Soitec agrees that all environmental mitigations measures required to certify the Project under the Act will be monitored and enforced by the County for the life of the obligation. The Office of Planning and Research has asked that we confirm your agreement and acknowledgement of Soitec's commitments by way of signing on the line below and returning this letter to me at your earliest convenience.

**AB 900 Application**  
**Soitec Solar**

Thank you in advance for your assistance.

Best regards,

Acknowledged and agreed to by:

Clark Crawford  
VP Sales and Business Development
