---

Robert,

This is my third try . See kicked back message below.

Instead of sending the pdf version of the attached power point by Professor Henshaw, that is apparently too large to send, I am sending the link for it instead: [www.electric-fields.bris.ac.uk/henshaw\\_arr\\_june\\_2011.ppt](http://www.electric-fields.bris.ac.uk/henshaw_arr_june_2011.ppt) . His 2011 power point us titled: The interaction of magnetic fields with biological systems – trying to understand the diversity of reported health effects

Here is a link to the Professor's home page with his credentials and additional information: [http://www.electric-fields.bris.ac.uk/d\\_henshaw.html](http://www.electric-fields.bris.ac.uk/d_henshaw.html) I have communicated with him briefly.

Please confirm receipt and include the linked and attached documents in the record for the Soitec Solar PEIR MUP.

Thank you,

Donna  
619-766-4170

Hello Robert,

As promised, I have attached the other two documents by Dennis Henshaw, PhD that were attached to my original message with Soitec Solar PEIR MUP comments sent on January 31 that did not go through.

Also attached are Boulevard Planning Group minutes for June 14, 2012 that you requested.

Please confirm receipt of this and previous message with my Soitec Solar PEIR MUP comments.

Thank you,

Donna
