Yes with the new Road design and design requirements that we worked out with Fire. This is a trailing item because we did not work it out until about a week before the EIR submittal. Basically you can throw the old plans away when I submit these. These plans are consistent with the FPP you have and the fire section of the EIR.

Is this for both TDS and Rugged?

Ashley,

We have the revised plans with the revised road layout. Can you put special handling for me to drop off tomorrow before 9:00.
