Briefing sheets are to help Mark keep the specifics of each project separate even though they are covered by one env document.

Agenda is to formalize the best way to present the three projects to Mark since they are separate projects covered by one EIR.

I reviewed these on my phone and they look okay. Can you explain to me the strategy with all the sites sheets and agenda? What handouts are for Mark?

Hi Sami and Mindy,

Attached are the briefing sheets I prepared for tomorrow.

For Ocotillo Wells (Gildred) Solar, I just have one briefing sheet and will have a board prepared. For Soitec, I have an agenda, 3 briefing sheets and will have a board as well.

Can you please take a look at the attachments to this email and let me know if you have any changes/comments?

Thanks,

Ashley
