Rob -

Please take a quick look at the hazards section that Don reviewed to ensure it meets the needs of the EIR.

Thanks, Donna

Donna,

I have reviewed the Soitec DEIR, PDS2012-3910-120005, Hazards and Hazardous Materials, Section 3.1.4. (excepting the fire sections).

The DEIR has addressed all comments and incorporated the strikeout/underline sections into the DEIR.

Let me know if you have any questions.
