All,

This email is also being sent to approximately 40 additional email addresses on blind carbon copy.

This is a courtesy notification that two additional links have been added to the County's public review webpage for this project (<http://www.sdcounty.ca.gov/pds/ceqa/Soitec-Solar-EIR.html>). The first new link is located directly beneath the link for Chapter 7 of the EIR and is named "Index of Copyrighted References Pursuant to PRC Section 21186(g)."

The second new link is the third link under the Appendices heading, and is titled "New – Public Resources Code Sections 21178-21189.3 – Effective January 1, 2014." The link to these sections of the Public Resources Code that were in effect prior to January 1, 2014 (and under which the project attained Environmental Leadership Certification) is still directly above this new link.

Please let me know if you have any questions.

Thank you,

Robert Hingtgen, Planner III
