Jim,

My staff reviewed the reports and don't have any comments or concerns. It appears the required monitoring and conditions for pumping are conservatively protective of the water systems' domestic water supplies. Thanks again for keeping us in the loop.

Sean

Hi Sean,

Good talking with you this morning. Here are links to the Jacumba and Pine Valley groundwater investigation reports/mitigation and monitoring plans. Please review these and please let me know if you have any comments or concerns.
