Mr. Denisoff,

The official public comment period for the Draft Programmatic EIR ended on March 3, 2014; however, we may receive comments from agencies, organizations, and members of the public at any time prior to hearing. If staff receives the Draft Responses to Comments from the project consultants next week for review, our standard estimated schedule indicates the project would be at the Planning Commission in February of next year.

Thank you,

Subject: Soitec Draft EIR Status/Estimated Project Timing

Mr. Hingtgen,

I was inquiring to see if the commenting period on the Draft EIR for the Soitec project was complete and what is the current expected schedule for the project. Is there a Board hearing on the project or other milestone coming up?

I am the project lead for the proposed Miller Valley Ranch Mitigation Bank and we just wanted to see if our project timelines (Fall approval) is in line with the Soitec project. Please contact me if you have any questions.

Thanks, craig
