Katie and Don,

No, the Soitec Solar project (Rugged Solar site or Tierra del Sol Solar site) has not yet been approved. You will be notified of future public hearings when the project may be considered for approval.

Thank you,

Robert Hingtgen, Planner III

Thank you.

Has the Solar Wind Project for Tierra del Sol been approved by the County?

Don Bloom  
Katie Williams

**Subject:** 3910 120005 Soitec; Migration of County Website

Good Morning Everyone,

This email is being sent to over 140 email addresses on blind carbon copy.

Late last week the County's website was migrated to a new platform including links to all Soitec documents and the Administrative Record. Information that had been posted the past couple of weeks to the former platform had to be reloaded on the web pages of the new platform, so you may have noticed some missing information for a day or two. All information should now be viewable and I have provided the following links for your reference. Please let me know if you discover any issues or have any questions.

Thank you,
