Ashley,
Were any revised documents/files related to the CEQA Findings of EIR chapters?
Thanks,
Rob

Hi Mindy- just wanted to circle back on this. The Jan 17 letter from Don Bloom was entered as a postcard in our spreadsheet by accident. We already accounted for it as Individual letter I5 as it should be. I have updated the spreadsheet to remove the Jan 17 letter from the postcards category and we renumbered all the postcards accordingly. We now have 141 postcards instead of 142. Please see ftp site folder dated today with updated docs.

Call me with any questions.

Thanks,
Asha

Sorry, just realized this is a written comment form and not a postcard. Will get back to you on how we need to proceed.

Great! I added it to the FTP site and our files, and updated the tracking spreadsheet we provided, so we are good to go.

Hi Mindy and Ashley,

Please see FTP site folder with today's date for items requested. Note that we cannot seem to find postcard P28 from Don Bloom, dated Jan 17, but we do have postcard from him dated Jan 22 (P39). It is possible he sent in two and our records indicate he did. Can you please check on your end if you have a postcard from Don Bloom dated Jan 17?

Thanks,

Will do. And FYI, we still plan to clean up all the responses (no track changes of course) and put them in the side by side format with the letters but we typically save this step for the very end because it's harder to edit the responses when they are in that format. And the file size increases significantly.

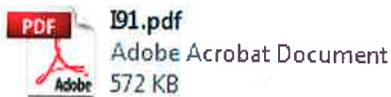

I will let you know once we have the bracketed letters uploaded.

Asha, the RTC's submitted do not have the comments in them, just the responses. I tried to obtain the bracketed comment letter/pdfs to facilitate ours and counsel's review; however, the naming convention you used for those was too long. I cannot copy them or move them because the County's system has a restriction on long file names. I need your firm to provide all of the bracketed comment letters to us in one folder with abbreviated names – the letter and number we used to name each one would suffice as a title, like this picture:
