Thank you, Mindy, that does help...

Hi Donna,

Forgive me for jumping in for Ashley here but I think I can answer your questions. The draft Groundwater Investigation and responses to comments have been submitted to County Counsel for legal review. They are not yet available, even by Public Records Act request. Jim is half right – we’ve finished our staff review, but Counsel is beginning their review. Depending on the time needed by Counsel and the need for revisions, we think the earliest we would possibly have completed documents is at the end of November. I hope that helps!

Hello Ashley,

Is the revised Soitec Groundwater Investigation available yet? Would it be available via Public Records Act Request?

Also, Jim Whalen reported that staff had completed their review of the Response to Comments.

If true, does that mean there is a better idea of when the Final PEIR may be out for public comment? People frequently stop or contact me asking what the status is.

Thank you,

Donna Tisdale
