

Approved October 16, 2013
Minutes Rainbow Planning Group
September 2013

Call to Order: September 18, 2013 at 7:00 PM by Chairperson Drake

Roll Call:

Present: Dennis A. Sanford, Pete Bacot, Bud Swanson, Fredrick Rasp, Jim Anderson, Gary Drake, Nita Pearce, William Crocker, Ron Trotter,

A quorum was declared by Chairman Drake

Minutes: Minutes of August Meeting were reviewed and approved unanimously.

Open Forum and Committee comments:

Reminder that Neal Arelet Of SD County DPW will be at Oct meeting to explain proposed road work in Rainbow.

A suggestion was made to thank SDG&E for reroofing the cooling tower of the Gas Treatment Plant thereby improving the appearance of it.

Gary will send out the link for training on line. Fredrick Rasp reported succes in getting it done.

Jim Anderson reported that the Traffic Advisory Committee has held a meeting about studying Rainbow. There is much concern throughout the Valley about RB Valley Blvd, Old 395 and Rice Canyon Rd being used as a path around northbound freeway congestion.

Jim reported there was a meeting involving Giselle Finley on the 17th of Sept. Dead Man's Curve, Rainbow Heights, Rainbow Glen and Rainbow Crest are areas of concern.

A question was raised about the outcome of the RBPG vote to approve certain clarifications on local items of the General Plan. Two county officials were at our meeting a few months back and pledged to get back to us on the Board of Supervisor vote of likely acceptance of our positions. Nothing has been heard. Giving them a call was suggested.

Pala Track noise issue. There was discussion where things sit with respect to this issue. Nick Harris who has noise detection equipment and connections to the motorcycle racing community said Pala is not an AMA santioned track. This makes it more difficult to implement noise reductiuon measures. There was discussion about the move to 4 cycle engines, and how that might help. It is known, however, that 4 cycle noise travels farther than 2 cycle noise.

Dennis Sanford Water report. RBWD is officialy against Gregory Canyon. The district requires an encroachment permit for work near their large water lines at the Gregory Canyon site. Dennis made comments about the Bay Delta restoration project which involves the installation of two 9 foot diameter pipes at a very deep depth to insure water for southern California in case of a catastrophic earth quake.

Community and County Action Items:

Installation of John Barette into RBPG.

Gregory Canyon

Change of RBPG letterhead. It was moved by Jim Anderson to change the letterhead on the RBPG. Bud Swanson spoke concurring with Jim that the letterhead ought to be simplified. The final motion was to remove everything except

"Advising the Board of Supervisors~San Diego County". In correspondence, the misson statement can be added when appropriate. The motion was restated to include the two items. The motion was seconded and passed unanimously.

Ron Trotter accepted as member of Rainbow PG. Form PDS 900 will be used to appoint him. The motion was made by Jim Anderson and seconded by Dennis Sanford. Motion passed unanimously.

Old Business:

New Business:

Agenda Items for next meeting:

Installation of John Barrett to RBPG
Assignment of Secretarial duties.

Meeting Adjourned 8:29 PM

Next meeting October 16, 2013

Respectfully Submitted:
William Crocker
Secretary
