

McClellan-Palomar Airport Master Plan Update

Join Us for
a Public
Workshop!

THURSDAY, April 30, 2015

6:00 p.m. – 8:00 p.m.

City of Carlsbad Faraday Center

1635 Faraday Avenue • Carlsbad, CA 92008

Third Workshop to Present Four Airport Alternatives

During the workshop, the airport project team plans to present an overview of the:

- Master Plan Update process;
- Evolution of McClellan-Palomar Airport;
- Airport alternative development process; and
- Potential airport alternatives.

The alternatives were developed based on federal airport design standards and public feedback received thus far.

There will be an informational presentation from 6:30 p.m. to 7:15 p.m. Afterwards, attendees will be able to learn more by visiting various project stations presenting the individual airport alternatives. The project team will be available to answer any questions.

The project team welcomes public input and will be accepting written comments at the workshop. The public input will help the project team refine the alternatives and ultimately select a preferred alternative.

Sign-up for future workshop notifications by emailing:
