

# McClellan-Palomar Airport Master Plan

A nighttime photograph of the McClellan-Palomar Airport terminal building. The building is illuminated from within, showing a modern design with large glass windows and a flat roof. Several palm trees are scattered around the building, some of which are also illuminated. In the foreground, there is a stone wall with the text "McClellan - Palomar Airport" engraved on it. The sky is dark blue, and the overall scene is lit with warm, artificial light.

McClellan - Palomar Airport

Palomar Airport Advisory Committee  
September 18, 2014 - Agenda Item No. 4

# McClellan-Palomar Airport

# Function of the Master Plan

The Master Plan is County Airport's strategy for development of the Airport for the next 20 years.

- Existing 1997 Master Plan: through 2015
- New 20-year Master Plan: 2015-2035
- Process: FAA Advisory Circular 150/5070-6B
- Master Plan is the basis of the Airport Layout Plan
- County & FAA Environmental Review commences upon completion of the Master Plan recommendations

# Master Plan Objectives

- Develop a 20-year planning road map that is:
  - Flexible – based on planning activity levels
  - Reasonable & Justifiable
  - Technically substantiated
- Takes into consideration
  - Public Involvement Comments
  - Environmental Issues & Concerns
  - Operational Safety & Airport Design Requirements
  - Cost /phasing/financial feasibility & funding factors

# Public Involvement

- Public Awareness & Input
  - Updates to Palomar Airport Advisory Committee
  - User Group Advisory Committee: Comprised of tenant/industry/agency representatives
  - Public Workshops planned throughout development of Master Plan & Environmental Review
  - Notices Posted to County Airports Website
  - Newspapers, e-mail blasts, direct mailers to residents

# FAA's Airport Master Plan Process:

- Inventory, surveys, and data collection
- Aviation forecasts, demand capacity and analysis
- Facility requirements
- **Alternative development**
- Financial feasibility, Environmental analysis
- Implementation plan for development
- Airport Layout Plan (ALP)

*We are here!*

## County Process:

- CEQA Review: Program Environmental Impact Report
- Board Hearing

# Current Status & Next Steps

- Develop Master Plan Alternatives
  - Address FAA safety standards
  - Balance interests of tenants, facility users, and community
- Public workshop #3:
  - Target Nov 2014
- What's on the Horizon? – TBD
  - Process Ongoing
  - County not committed to a particular result

# Projected Schedule

#3 User Group Meeting and Workshops	Nov 2014
Alternative Analysis	Dec 2014
Financial Plan	Jan 2015
#4 User Group Meeting and Workshops	Feb 2015
Coordination with Carlsbad, SDRAA and FAA	Mar 2015
Master Plan Report/Airport Layout Plan	Apr 2015
CEQA/NEPA	Spring 2016
Present to Board of Supervisors	Summer 2016
