I hereby agree as a condition of the granting of this permit to provide defense and indemnification in accordance with Section 71.103 of the San Diego County Code of Regulatory Ordinances as follows: Permit Owner agrees to indemnify, hold harmless and defend the County and each of its officers and employees from any liability of responsibility for accident, loss or damage to persons or property arising by reason of the work done by Permit Owner, or Permit Owner's agents, employees or representatives.

Permit Owner agrees that all work within the County right-of-way will be accomplished in accordance with Approved Plans, the Standard Specifications of the Department of Public Work, "Special Provisions for Work Done Under Excavation Permit", "Special Provisions and Specifications for Improvement of New Streets", or Regional Standard Drawings and as stated on the Permit, and shall be subject to inspection and approval of the Director, Department of Public Works. If any tank, pipe, conduit, duct, tunnel or other facility (collectively "facilities") placed in the right-of-way interferes with the operation, improvement, grading or realignment of the highway by the County, the above signed will at their own expense completely remove the facilities and restore the right-of-way, or relocate the facilities to a location designated by the Director, Department of Public Works, and restore the right-of-way. All work shall be completed to the satisfaction of the Director, Department of Public Works. The Permit Owner further agrees to pay any damages resulting to County of San Diego from the negligent or improper design, construction or installation of the facilities or performance of permitted work and will restore the right-of-way, as near as may be possible to its former state and so as not to have impaired unnecessarily its usefulness or will repay to County of San Diego its cost of such restoration. Notwithstanding the foregoing, this permit is not to be interpreted to supersede prior rights or franchise rights in the right-of-way that are owned by a Permit Owner, but should be interpreted to supplement or explain those rights whenever practical to do so without contradicting an express term of a title document or grant of franchise.

I declare under penalty of perjury under the laws of the State of California that the statements made herein are true and correct.
