Notes:

1: San Mateo information is derived from the CMC Dashboard Data, since Health Plan of San Mateo is responsible for its own enrollment, we do not currently have the data available broken out by population, therefore the total rows for IHSS/Non-IHSS do not include San Mateo.

2: Santa Clara did not begin enrollment until January 2015

3: Disenrolled includes those involuntarily disenrolled, such as those who lose Medi-Cal benefits.
