

- I. **Authority:** Health and Safety Code, Division 2.5, Sections 1797.204, 1797.218, 1797.220 and 1798.
- II. **Purpose:** To approve Advanced Emergency Medical Technician (AEMT) service agencies in the San Diego County.
- III. **Definitions:**
 - A. An AEMT unit is defined as an AEMT emergency response vehicle utilized by a designated AEMT service provider which is staffed by at least one (1) A-EMT.
- IV. **Policy:**
 - A. AEMT units shall be equipped with standardized EMT service provider inventory as specified in the County of San Diego EMS policies. Units shall also be equipped with approved AEMT equipment and supplies.
 - B. The closest/most appropriate, available ALS transporting unit shall be dispatched simultaneously with the AEMT unit if the response meets established criteria for dispatch of an ALS unit.
 - C. If (AEMT) care is initiated and there is a delay in response of an ALS transporting unit, the AEMT shall proceed with transport of the patient to the hospital if it is medically in the best interest of the patient
 - D. Each AEMT unit will be assigned to a Base Hospital for medical control, by the local EMS agency.
 - E. Approved AEMT service provider agencies shall have a current service provider agreement with the County of San Diego EMS Branch.

Administration

Medical Director

V. Procedure:

A. Application/Approval Process:

Application for use of AEMT unit(s) shall be submitted in writing to the Medical Director, County of San Diego Emergency Medical Services and shall include:

1. Identification, location, and average response times of the transporting ALS unit assigned to the geographical area.
2. Identification, location, and average response times of the proposed AEMT unit(s).
3. Description of the proposed AEMT unit staffing, to include level(s) of training.
4. A statement indicating what AEMT- specific equipment (if any) will be included in the inventory of the unit.

B. Operational Requirements:

When the AEMT unit arrives on scene prior to the transporting ALS unit, the AEMT shall:

1. Assess and treat the patient.
2. If the AEMT does not accompany the patient to the hospital, transfer of care and information to the paramedic assuming care of the patient shall occur at the earliest most appropriate time to facilitate continuity of care and prevent any delay in care.
3. AEMT's shall submit completed prehospital patient records in accordance with policy S-601.
