CalFresh Did You Know?

Children get free school breakfast and lunch when their family gets CalFresh.

Your kids will not be taken away. CalFresh can help your children get the healthy food they need.

If you are single or married you may still get CalFresh. You do not have to have children.

You can own a home and/or a car and still get CalFresh.

Elderly people receive an average benefit of \$53 per month and you do not need to have children in the home to qualify. People receiving most forms of Social Security are eligible even though those receiving Supplemental Security Income/Payment (SSI/SSP) are not eligible for CalFresh. Other members of the household may still qualify.

Now you can apply online! Visit www.MyBenefitsCalWIN.org

You are helping your community because for every \$5 you use in CalFresh benefits, you help generate nearly twice as much (\$9.20) in total community spending.

Regardless of your immigration status, you can get CalFresh for your children if they are citizens or legal permanent residents. Applying for CalFresh will not affect your eligibility for legal residency or U.S. citizenship. The CalFresh office is not allowed to share client records with Immigration.

Contact Legal Aid Society of San Diego if you have questions about immigration: 1-877-534-2524

Could my household qualify?

Number of people in household	1	2	3	4	5	6	7
Monthly Gross Income less than:	\$1,962	\$2,656	\$3,350	\$4,042	\$4,736	\$5,430	\$6,122

Income guidelines expire 9/30/16

Form Code: EAT RIGHT

Make a Plan

- Plan meals for a week using the food you have and then make a list of things you need.
- Shop once a week.
- Cook several meals at once and freeze them for later.
- Use coupons or look for sales on healthy items.
- If shopping when hungry, stick to your list.

Shop Smart to Eat Smart

- Buy fruits and vegetables. They are good for your body and your wallet.
- Substitute meat in some meals with other proteins, like legumes, beans, eggs, tofu, and nut butters.
- Drink water instead of sugary drinks, it's free and good for you!
- Eat regular oatmeal and brown rice instead of instant.

What to Look For

- Buy fruits and vegetables in season; they are usually fresher and cheaper.
- If not in season, frozen or canned fruits and vegetables make good substitutes.
- Buy store brands. They are just as healthy as brand names, and cheaper.

Store Brand Frozen Green Beans	
16 oz.	\$1.99
	\$.12/oz

Brand Name Frozen Green Beans	
16 oz.	\$3.09
	\$.19/oz

- Check the costs per ounce or per pound to get better deals.
- Look for better deals on the bottom and top shelves.
- Find a farmers' market; fruits and vegetables tend to be fresher.
- Check the *sell by* and *use by* dates.
- Read the label to compare products' nutritional and cost values.

Eat Fruits and Vegetables in Season They Cost Less!

Fall	Winter	Spring	Summer
Apples	Mandarins	Mangos	Grapes
Kiwifruit	Oranges	Spinach	Melons
Pears	Broccoli	Asparagus	Peaches
Grapes	Cabbages	Carrots	Green Peas
Tomatoes	Sweet Potatoes	Peas	Potatoes
Winter Squash	Avocados	Papayas	Lettuce
Tangerines	Grapefruit	Strawberries	Greens
Sweet Potatoes	Guavas	Apricots	Corn
Green Beans	Pears	Artichokes	Tomatoes
Pumpkins	Kiwifruit	Zucchini	Nectarines
	Mustard Greens		Cherries
			Bananas

Buy More Healthy Food for Less

The CalFresh Program, formerly Food-Stamp Program, helps you and your family buy the food you need for good health.

You can receive CalFresh, WIC and school meals.

Using CalFresh for food means you can use your cash to pay bills.

You get a card that works just like a debit card, also known as EBT.

You can buy plant seeds and seedlings with your CalFresh dollars.

Turn to the back of the brochure for facts about the CalFresh Program.

Sample meal plan for family of four

Breakfast:

3 cups of quick oats - \$0.59
4 apples - \$1.89
4 glasses nonfat milk - \$1.05
