MEDICAL DIRECTOR | SAN DIEGO COUNTY PSYCHIATRIC HOSPITAL

HEALTH & HUMAN SERVICES AGENCY | BEHAVIORAL HEALTH SERVICES

The San Diego County Psychiatric Hospital (SDCPH) is seeking a full-time **Medical Director**. This is a key leadership role in our very physician-friendly, dynamic Behavioral Health system. The facility includes an inpatient unit and a very busy psychiatric emergency unit. The County of San Diego has partnered with the University of California, San Diego, to develop a Community Psychiatry Fellowship and teaching opportunities will be available, though the facility does not do research. As a Medical Director, you will perform limited direct clinical care and have significant responsibility for formulating policy and for managing the overall activities of the SDCPH.

THE IDEAL CANDIDATE

BHS is seeking a dynamic, independent, and innovative leader in order to successfully manage the SDCPH.

The ideal candidate for this division will have proven administrative, leadership and supervisory skills, and a “big picture” orientation to help us evolve our entire system. Candidates with a demonstrated ability to make critical clinical and personnel decisions under pressure, and who can provide clear and forceful supervision to other physicians are highly desirable.

The ideal candidate will also possess a professional history that demonstrates the following leadership competencies and attributes:

- Stimulates and actively initiates change in organization
- Remains optimistic and persistent, even under adversity
- Carefully considers implications and impact of decisions across time and on others
- Effectively manages conflict situations via leading by example
- Mentors and coaches direct reports
- Builds and supports mutually beneficial relationships with other HHSA divisions, outside organizations, associations, and community contacts

BEHAVIORAL HEALTH SERVICES

The Behavioral Health Services (BHS) Division provides mental health and alcohol or other drug services for children, youth, families, adults, and older adults.

BHS promotes recovery and well-being through prevention, treatment, and intervention, as well as integrated services for clients experiencing both mental illness and alcohol or other drug issues. Services are offered through contracted providers and County-operated facilities. Behavioral Health Services (BHS) serves as the local Mental Health Plan for delivery of services to Medi-Cal recipients, and also serves the medically indigent who neither qualifies for public assistance nor have sufficient private resources for needed care. The latter population would be unserved were it not for Behavioral Health Services. BHS provides a continuum of mental health and alcohol and other drug services for all ages to over 68,000 individuals, promoting recovery and well-being through prevention, treatment, and intervention, as well as integrated services for clients experiencing co-occurring mental illness and alcohol and/or other drug issues. Major initiatives of BHS include integration with primary care, stigma reduction, and developing a trauma-informed system.

BHS provides treatment services under two primary systems of care: The Adult/Older Adult System of Care and the Children, Youth and Families System of Care. In addition, the Prevention and Planning Unit provides prevention services for all ages. For clients requiring hospitalization, Inpatient Health Services provides services at the San Diego County Psychiatric Hospital which provides inpatient psychiatric care for over 5,700 individuals, and at the Edgemoor Distinct Part Skilled Nursing Facility (DPSNF) which provides services for over 190 seriously injured and/or disabled individuals who meet program criteria. In order to deliver these critical services, BHS has 789 staff, including medical professionals, and a budget of \$441 million that includes payments made to providers for care.
