V. County Action Items

- a. Approval of a letter to the County on Road Repairs. Tricia Lane suggested added signs until the repairs are made. Motion by Dennis Sanford and second by Nita Pearce. Unanimous.

VI.

a. Roads and traffic status. Tricia Lane. She reported on what is referred to a common area. This idea has been used elsewhere to slow down and discourage traffic on rural roads. Details are being gathered.

b. No I-15 Design Review Board meeting

c. Water and and environmental issues.

Tom Kennedy, who is the Rainbow Water District General manager, with Dennis Sanford who is President of RBWD, reported on the contest between Fallbrook Public Utility District and the Rainbow

Water District. It is believed that if Fallbrook were to take over RBWD Rainbow users would be at a big disadvantage in at-large representation. Fallbrook uses at-large representation. It is also believed that Fallbrook as a Public Utility District has no latent powers which limits them to their present area of service. This may be an incentive in their quest to merge with the Rainbow Water District.

LAFCO apparantly has the power to vote on this matter. Certain triggers in the law can also force a public vote. It is believed that the vast majority of Rainbow Water District customers are against this merger. It was stated that we should all make it a priority to attend the meetings related to this issue. The group approved a letter to be sent to all parties involved in the this issue stated the RBCPG position. Gary Drake moved and Tricia Lane seconded.

d. RPOA General information from Nita Pearce that the RPOA has reorganized and its purpose expanded.

e. Pala Raceway Bud Swanson ill. It is generally known that Pala has restarted the race track under their own management.

VII New Business

We were reminded to submit our form 700's by the end of March.

VIII. No agenda items for next meeting came up.

IX. Adjournment at 8:23. Next meeting on March 18, 2015
