Dear Ms. Fitzpatrick,

Apologies for sending this to the incorrect address initially. Please find my concerns below.

Regards,
Natalie

Dear San Diego Planning Commission,

I am writing to you because I was alarmed to hear of plans to construct a telecommunications facility in Ranchita.

I will not be able to attend the hearing in person, so I wanted to write to express my concerns regarding the proposal.

I concur with the position of the RCG-RCT, and feel that the telecommunication facility would negatively impact community character, and proves a safety risk in terms of fire. Most fundamentally, the facility is not necessary and a less invasive means can be used to accomplish coverage goals.

Thank you for your attention and support in facilitating a solution that protects this historic and treasured district.

Regards,
Natalie Aldern
