Dear Mr. Wardlaw, Mr. Hall and Ms. Gungle:

We are writing on behalf of California Unions for Reliable Energy ("CURE") to request *immediate access* to any and all documents referenced or relied upon in the Draft Environmental Impact Report ("DEIR") prepared for the Jacumba Solar Project ("Project") proposed by NextEra. The 20 MW solar photovoltaic Project is to be located on 800 acres, approximately 3/5 miles east of Jacumba, near Historic Rt. 80 and Carrizo George Rd RL 80/S92, in San Diego County. Our request for all documents referenced or relied upon in the Draft Environmental Impact Report

The County acknowledges the request for documents related to the DEIR, and has provided all documents to Adams Broadwell Joseph and Cardozo, as requested. References for the DEIR were provided on May 29, 2015, and all references for appendices were provided on June 5, 2015. The comment does not address the adequacy of the DEIR, therefore no further response is required. See RTC O1-2 for additional responses concerning the request for documents referenced or relied upon in the DEIR.

("EIR") is made pursuant to the California Environmental Quality Act ("CEQA"), which requires that all documents referenced in an environmental review document be made available to the public for the entire comment period.<sup>1</sup>

Pursuant to Government Code section 6253.9, if the requested documents are in electronic format and are 10 MB or less (or can be easily broken into chunks of 10 MB or less), please email them to [celliott@adamsbroadwell.com](mailto:celliott@adamsbroadwell.com) and [ccaro@adamsbroadwell.com](mailto:ccaro@adamsbroadwell.com) as attachments. Please let us know where the remaining documents referenced in the Draft EIR are available for review.

Our firm's legal assistant, Cody Elliott, will be calling you to arrange for duplication/transmission of the documents. If you have any questions, please call her at (650) 589-1660. Thank you for your assistance with this matter.

Sincerely,

Christina Caro
