

**REVIEW FOR APPLICABILITY OF/COMPLIANCE WITH  
ORDINANCES/POLICIES**

**FOR PURPOSES OF CONSIDERATION OF  
Kahoots Pet Supply Site Plan, PDS2012-3500-12-020 (STP)**

**February 5, 2015**

**I. HABITAT LOSS PERMIT ORDINANCE** – Does the proposed project conform to the Habitat Loss Permit/Coastal Sage Scrub Ordinance findings?

YES

NO

NOT APPLICABLE/EXEMPT

Discussion:

While the proposed project and off-site improvements are located outside of the boundaries of the Multiple Species Conservation Program, the project site and locations of any off-site improvements do not contain habitats subject to the Habitat Loss Permit/Coastal Sage Scrub Ordinance. Therefore, conformance to the Habitat Loss Permit/Coastal Sage Scrub Ordinance findings is not required.

**II. MSCP/BMO** - Does the proposed project conform to the Multiple Species Conservation Program and Biological Mitigation Ordinance?

YES

NO

NOT APPLICABLE/EXEMPT

Discussion:

The proposed project and any off-site improvements related to the proposed project are located outside of the boundaries of the Multiple Species Conservation Program. Therefore, conformance with the Multiple Species Conservation Program and the Biological Mitigation Ordinance is not required.

**III. GROUNDWATER ORDINANCE** - Does the project comply with the requirements of the San Diego County Groundwater Ordinance?

YES

NO

NOT APPLICABLE/EXEMPT

Discussion:

The project will obtain its water supply from the Ramona Municipal Water District which obtains water from surface reservoirs and/or imported sources. The project will not use any groundwater for any purpose, including irrigation or domestic supply.

**IV. RESOURCE PROTECTION ORDINANCE** - Does the project comply with:

The wetland and wetland buffer regulations (Sections 86.604(a) and (b)) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Floodways and Floodplain Fringe section (Sections 86.604(c) and (d)) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Steep Slope section (Section 86.604(e))?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Sensitive Habitat Lands section (Section 86.604(f)) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>
The Significant Prehistoric and Historic Sites section (Section 86.604(g)) of the Resource Protection Ordinance?	YES <input checked="" type="checkbox"/>	NO <input type="checkbox"/>	NOT APPLICABLE/EXEMPT <input type="checkbox"/>

## Discussion:

***Wetland and Wetland Buffers:***

The site contains no wetland habitats as defined by the San Diego County Resource Protection Ordinance. The site does not have a substratum of predominately undrained hydric soils, the land does not support, even periodically, hydric plants, nor does the site have a substratum that is non-soil and is saturated with water or covered by water at some time during the growing season of each year. Therefore, it has been found that the proposed project complies with Sections 86.604(a) and (b) of the Resource Protection Ordinance.

***Floodways and Floodplain Fringe:***

The project is not located near any floodway or floodplain fringe area as defined in the resource protection ordinance, nor is it near a watercourse plotted on any official County floodway or floodplain map. Therefore, it has been found that the proposed project complies with Sections 86.604(c) and (d) of the Resource Protection Ordinance.

***Steep Slopes:***

Slopes with a gradient of 25 percent or greater and 50 feet or higher in vertical height are required to be placed in open space easements by the San Diego County Resource Protection Ordinance (RPO). There are no steep slopes on the property. Therefore, it has been found that the proposed project complies with Sections 86.604(e) of the RPO.

***Sensitive Habitats:***

Sensitive habitat lands include unique vegetation communities and/or habitat that is either necessary to support a viable population of sensitive species, is critical to the proper functioning of a balanced natural ecosystem, or which serves as a functioning wildlife corridor. No sensitive habitat lands were identified on the site as determined based on staff review of the County’s GIS, site photos, and a Biological Resources Letter Report prepared by Bill Everett, dated June 11, 2013. Therefore, it has been found that the proposed project complies with Section 86.604(f) of the RPO.

***Significant Prehistoric and Historic Sites:***

Based on an analysis of County of San Diego archaeology resource files, archaeological records, maps, and aerial photographs by County of San Diego staff archaeologist, Dianne Buell, it has been determined that the project site does not contain any archaeological resources. Therefore, it has been found that the proposed project complies with Section 86.604(g) of the RPO.

**V. STORMWATER ORDINANCE (WPO)** - Does the project comply with the County of San Diego Watershed Protection, Stormwater Management and Discharge Control Ordinance (WPO)?

YES                      NO                      NOT APPLICABLE  
                                           

Discussion:

The project SWMP is substantially complete and complies with the WPO requirements for a Stormwater Management Plan.

**VI. NOISE ORDINANCE** – Does the project comply with the County of San Diego Noise Element of the General Plan and the County of San Diego Noise Ordinance?

YES                      NO                      NOT APPLICABLE  
                                           

Discussion:

The proposal would not expose people to nor generate potentially significant noise levels which exceed the allowable limits of the County of San Diego Noise Element of the General Plan, County of San Diego Noise Ordinance, and other applicable local, State, and Federal noise control regulations.

The project is a Site Plan for the construction of a retail pet and feed supply store. The area surrounding the project site consists of commercial uses. Based on a review of the County’s noise contour maps, the project is not expected to expose existing or planned noise sensitive areas to noise in excess of 60 dB(A) pursuant to the County Noise Element. Additionally, the project is for a retail feed and pet supply store which does not propose any noise sensitive receptors on site.

Noise impacts from the proposed project to adjacent land uses are not expected to exceed the property line sound level limits of the County of San Diego Noise Ordinance. The site is zoned RMV4 that has a one-hour average sound limit of 60 dBA daytime and 55 dBA nighttime. The adjacent properties are zoned RMV4 and RMV3, with the same noise limits. The project would be designed to meet the one-hour average sound level requirements, ensuring that noise producing equipment does not exceed applicable noise levels at the adjoining property line.

The project will not generate construction noise in excess of Noise Ordinance standards. Construction operations will occur only during permitted hours of operation. Also, it is not anticipated that the project will operate construction equipment in excess of an average sound level of 75dB between the hours of 7 AM and 7 PM.
