

County of San Diego Public Workshop

Comprehensive Renewable Energy Plan

What: The County of San Diego has drafted a Comprehensive Renewable Energy Plan to identify opportunities to increase renewable energy, reduce costs for consumers and minimize impacts to the community and its resources.

Learn more about the draft technical report, and provide input on potential actions to promote renewable energy in San Diego County.

When: Tuesday, September 13th, 2016
6:30pm - 8:30pm

Where: The Old Fire Station
39923 Ribbonwood Road
Boulevard, CA 91905
