

Attachment B
Board Hearing Minute Order
June 25, 2014 (1)

**COUNTY OF SAN DIEGO
BOARD OF SUPERVISORS
WEDNESDAY, JUNE 25, 2014**

MINUTE ORDER NO. 1

**SUBJECT: NOTICED PUBLIC HEARING:
FOREST CONSERVATION INITIATIVE LANDS GENERAL PLAN
AMENDMENT (GPA-12-004) (DISTRICTS: 2 AND 5)**

OVERVIEW:

On December 8, 2010 (8), the Board of Supervisors (Board) directed staff to prepare a General Plan Amendment (GPA) for Forest Conservation Initiative (FCI) lands consistent with the appropriate General Plan Update land use designations. San Diego County voters passed the FCI in 1993, establishing 40-acre minimum lot sizes on private lands within the Cleveland National Forest (CNF). The FCI expired at the end of 2010 and FCI lands were not included in the County's 2011 General Plan Update due to timing. As a result, FCI lands have reverted to pre-General Plan Update land use designations. The purpose of this hearing is for the Board to provide direction to staff concerning a General Plan land use map for the former FCI lands and certain associated adjacent parcels totaling approximately 72,000 acres.

The Staff Recommendation Land Use Map (Attachment A) is the result of an extensive planning process conducted for this GPA. It would assign land use designations to former FCI lands and associated adjacent parcels as follows: 84.1% Rural Lands, 12.0% Semi-Rural, 0.3% Village Residential, and 3.5% miscellaneous other designations. Among the other options available for the Board's consideration are an Initial Draft Land Use Map created in 2012 with input from property owners and community planning groups, and a Planning Commission Recommendation Land Use Map, which modifies staff's recommendations in a few areas. The Board may also choose to provide staff direction that is different from any of these three map alternatives.

The Board direction provided at today's hearing will form the basis of a proposed land use map for the GPA. Staff is seeking Board direction to prepare a "final" map alternative to complete the Environmental Impact Report. Following today's hearing, staff will prepare final environmental documents to be considered for GPA approval at a subsequent Board hearing. Applicable zoning changes and revisions to the General Plan Land Use Element, the Mobility Element, and four community and subregional plans will ultimately be included with the GPA; however, these changes are not being considered at today's hearing.

FISCAL IMPACT:

N/A

BUSINESS IMPACT STATEMENT:

Completion of this program will result in land use designations that are consistent with the County's General Plan and will allow for development within the project area at densities that are appropriate in the vicinity of the Cleveland National Forest.

**RECOMMENDATION:
PLANNING COMMISSION**

The Planning Commission modified the Staff Recommendation Land Use Map and requests that the Board of Supervisors:

1. Accept the Staff Recommendation with stated modifications. [The Planning Commission Recommended Land Use Map is provided in Attachment B, on file with the Clerk of the Board.]

DEPARTMENT OF PLANNING & DEVELOPMENT SERVICES

Planning & Development Services recommends that the Board of Supervisors:

1. Provide direction to staff concerning the land use map for FCI lands and certain associated adjacent parcels, based on consideration of the following three land use map alternatives:
