The Otay Ranch Company
610 West Ash Street, Suite 1500
San Diego, California 92101

Attention: Mr. Robert Cameron, Executive Vice President

Subject: Phase I Environmental Site Assessment – Addendum 1

Property: Otay Ranch Village 13 - West Residential Area
Parcels A and B
North of Otay Lakes Road
Chula Vista, California 91914
C2C Project #: 2009-082

Dear Mr. Cameron:

Coast 2 Coast Environmental has received a response from the County of San Diego Department of Environmental Health (DEH) to our request for records for the above-referenced Property. As there are no known street addresses for the Property, Coast 2 Coast used the assessor parcel numbers (598-130-01, 598-130-03, 595-090-03, 598-140-01, 647-020-08 and 647-020-09) to identify the location of the Property.

On September 14, 2009, DEH responded that it did not find records for parcels 598-130-03, 595-090-03, 598-140-01, 647-020-08 and 647-020-09. DEH reported that one file was found for a portion of parcel 598-130-01. On September 22, 2009, Coast 2 Coast completed a review of the file. During the review, Coast 2 Coast found that file documents also applied to all of parcel 595-090-03. The records concerned due diligence activities performed by the County of San Diego Department of Parks and Recreation (Park and Rec) when the area formerly known as “Parcel 99” was designated as Open Space Preserve. Park and Rec requested that DEH review Snyder Consulting’s *Phase I Environmental Site Assessment, Parcel 99, Otay Ranch*, dated February 7, 2000.

It appears that in order to complete the review, DEH required Park and Rec to enter into the Voluntary Assistance Program (VAP). The case file number assigned for the review was #H39620-001. Upon completing the review of Snyder Consulting’s report, DEH issued a letter dated December 18, 2002 requiring “...no further action...” and the case was closed. For reference, copies of the DEH file documents are attached. The file included a copy of Snyder

Consulting's report but since a copy of the text of report was provided with the current Phase I ESA a duplicate copy was not made for this addendum.

This completes Coast 2 Coast's work for the Property. The review of the DEH file did not provide information which alters the conclusions and recommendations presented in Coast 2 Coast's Phase I ESA report dated September 11, 2009.

Coast 2 Coast Environmental appreciates this opportunity to provide environmental services to The Otay Ranch Company and looks forward to being of continued service on future projects. Please do not hesitate to contact the undersigned if you have any questions regarding this addendum.

Sincerely,

Coast 2 Coast Environmental, Inc.

Marybeth Norgren
Principal

Phase I Environmental Assessment

Proposed Land Use: Open Space Preserve

Location: east of Upper Otay Reservoir and north of Otay Lakes Road

- 340 acres bounded by Upper Otay Reservoir on the west and native, undeveloped land on all other sides.

Site Improvements

- Barbed wire fencing along the western boundary
- Unimproved, rocky 4-wheel drive (4-WD) trail that runs along the western and northern boundary

Historical Uses:

- Undeveloped land
- Cattle grazing since 1928
- No pesticide or herbicide uses known
- No indication of hazardous materials usage

Site Observations: (2/3/2000)

- Not publicly accessible

- 4-wd trails
- no signs of illegal dumping of hazardous wastes or materials
- no signs of storage of hazardous wastes or materials
- cattle feeding area however, no cattle present
- undeveloped land
- usage for cattle grazing

Basin designation: 10.31 (Otay Hydrologic Unit – Dulzura Hydrologic Area – Savage Hydrologic Subarea)

Existing Beneficial Uses

- Municipal
- Domestic
- Agricultural
- Industrial

Depth of Groundwater: Unknown

Gradient (Flow) Direction: ~ Westerly_(Estimated)_
Drainage Surface (Flow) Direction: Southwest (Topography)

Hydraulic Gradient: Unknown

Conclusions:

All appropriate records search was completed. There are no indications from the report of hazardous materials or waste usage or the use above ground and underground storage tanks at the site.

Recommendation:

No further assessment activities needed.

Dear Ms. Simmons:

VOLUNTARY ASSISTANCE PROGRAM CASE H39620-001
(PARCEL 99, OTAY RANCH, CHULA VISTA, CALIFORNIA)

The site remediation information submitted to this agency by Snyder Consulting, consultant summarizing the site characterization and mitigation activities at the above-referenced location, has been reviewed. With the provision that the information provided to this agency was accurate and representative and the property remain in its existing condition; **no further action is required.**

Please be advised that this letter does not relieve you of any liability under the California Health and Safety Code or the Porter Cologne Water Quality Control Act. If previously unidentified contamination is discovered which may affect public health, safety and/or water quality, additional site assessment and cleanup may be necessary.

Changes in the present use of the above site as an open space preserve may require re-evaluation to determine if the change will pose a risk to public health. If there are changes to the existing property use, please confer with this office for guidance.

Thank you for your efforts in resolving this matter. Please contact Darryl Fowler of the Site Assessment and Mitigation Program (SAM), at (619) 338-2371, if you require additional assistance.

Sincerely,

MICHAEL VERNETTI, Program Manager
Supervising Environmental Health Specialist
Site Assessment and Mitigation Program
