Subject: FW: PROPOSED SOITEC SOLAR PROJECT

Lisa Fitzpatrick
Would you please pass this email on to Robert Hingtgen. The email address I was giving for him does not seem to work.
Thank you
Kurt Caudy

Mr. Robert Hingtgen
It has come to my attention that there are more Soitec Solar projects being planned for the back country areas of San Diego county. I strongly oppose these solar projects in our rural communities ,because of the negative impacts they will have on adjacent property owners quality of life ,property values, and impacts to the natural environment .
I support the NO PROJECT alternative listed in the Soitec PIER. These huge projects do not fit into our rural landscape area's .

I14-1

The County of San Diego (County) acknowledges the commenter’s opposition to the Proposed Project. The information in this letter will be provided in the Final Program Environmental Impact Report (FPEIR) for review and consideration by the decision makers. The County acknowledges that the Proposed Project may have potential significant impacts on the environment. Please refer to the DPEIR for details related to potential impacts that may affect adjacent residents. The commenter’s concern about negative impacts to property values, and economic effects of the Proposed Project are not an environmental issue and need not be considered in the PEIR (14 CCR 15064(e)).

The County acknowledges the commenter’s support for the No Project Alternative. The decision makers will consider all information in the FPEIR and related documents before making a decision on the Proposed Project. The information in this comment will be provided in the FPEIR for review and consideration by the decision makers.
