WRITTEN COMMENT FORM
Planning and Development Services

I strongly oppose all four of the Solar Project as described in the Soitec Solar Rpt. I oppose these projects because of the significant impacts to the natural environment, sensitive biological and cultural resources, on negative impact they will have on adjacent residents. Quality of life, Property values, wells, I am also concerned about the placement of large scale solar farms in a wildfire prone area that has limited firefighting capabilities. These huge projects do not fit our rural landscape.

For these reasons, I support the No Project alternative listed in Soitec Rpt.
