Subject: Soitec Solar Minor Changes for FEIR

Mindy,

As requested, 15 additional CDs of the Draft Final Soitec Solar EIR and one additional hard copy are scheduled to be delivered by tomorrow, Wednesday December 31. Please note that there were minor typos brought to our attention that have been corrected. They are as follows.

Page 2.3-41 of the FEIR: "These habitat types make up approximately 121.9% of the total acreage on site." This statement was corrected to clarify that it is 121.9 acres not 121.9%.

Page 1-27 of Appendix 2.3-1 of the FEIR: "This community occurs in the northeastern portion of the site and in the 100-foot survey area buffer of the gen-tie alignment..." This statement was corrected to clarify the survey area buffer was 150 feet, not 100 feet.

Thanks,

Asha R. Bleier, AICP, LEED AP BD+C
Senior Planner
