Dear Ms. Gungle,

I am writing to ask that the County of San Diego Planning Commission give fair and timely consideration to Soitec's Rugged and Tierra del Sol projects.

Approval of these projects would provide a positive environmental impact and create 30-40 permanent jobs, as well as hundreds of temporary jobs, in our region.

Helping San Diego's innovation economy grow and prosper, to create jobs, is a top priority for me in Congress. And I am a long-time supporter of diversifying our nation's energy portfolio, which should include increased solar capacity. Soitec's projects will contribute to the expansion of alternative energy use and will create jobs in our regional innovation economy.

Thank you for your consideration.

Sincerely,

Scott Peters
