OK.

Lisa, please make and provide packets for the commissioners with any correspondence received since the items went online. Mark, Darren and Sami should also get copies tomorrow afternoon.

Yes – but only if it is correspondence from the public related to the item. For example, don't add simple emails asking about where the hearing will be or emails between county and applicant about the trust account.

Darren would like to make sure that items received this week are available in hard copy for him the commissioners, counsel and Mark/Sami.

Should copies be made of everything after the PC report went online?

The attachment to the PC had only the link to the admin record and copies of the half dozen applicable CPG meeting minutes.

Hi,

How much of the admin record was included in the attachments to the PC, and how much of these were sent to us post docket? Some of this stuff goes back pretty far. At least one hard copy of all letters received should be available for members of the public at the hearing, but I am not sure if everything should be printed for the PC, Darren, Mark and Sami.

Thanks, Eric

Good Afternoon, Commissioners:

Due to the high volume of information received for the Soitec Solar Development project, it is being made available to you via our Administrative Records website. I have attached the link below and it is being updated as information is arriving, so you may refer to it throughout the day. Please note that all correspondence is in date order.

Please let me know if you have any questions.
