Ref. Case No.: Rugged Solar: PDS2012-3300-12-007
Tierra Del Sol Solar: PDS2012-3600-12-005

Dear Mr. Brown:

On **January 16, 2015**, the San Diego County Planning Commission considered the Soitec Solar Development Program Environmental Impact Report which includes the analysis of two projects (Rugged Solar and Tierra Del Sol Solar) at a project level and the analysis of two projects (LanWest and LanEast) at a program level. The applicant proposes a Rezone, Agricultural Preserve Disestablishment and a Major Use Permit for the Tierra Del Sol Solar project and a Major Use Permit for the Rugged Solar project for the construction and operation of two solar facilities.

By a vote of **6-1-0-0**, (6 -in favor, 1 -opposed, 0 -absent, 0 -abstain) the Planning Commission has supported approval of staff's recommendation(s) for **Soitec Solar Development: Rugged Solar & Tierra Del Sol Solar** with conditions stated to be recommended to the Board of Supervisors. The Planning Commission is only making a recommendation; therefore they are not approving or denying this project, nor is there an appeal process since the Board of Supervisors is the final decision maker for this project. If you have any questions, please contact Ashely Gungle, Project Manager at 858-495-5375.
