Bets and Lea,

The Jan 2015 TDS and Rugged FPP files are located in the folder stated in the previous email. Please update the links on the Board Draft FPEIR webpage to point to these files as the current links are to the Dec 2013 files.

Please also update the links on the Board Draft FPEIR webpage to point to the Jan 2015 TDS and Rugged GPARs that are located in the same folder as the updated FPPs, since the links currently point to the Dec 2013 GPARs.

Please let me know if you have any questions.

Mindy,

The Board Draft FPEIR Errata Sheet states that Appendix 9.0-8 is new to the FPEIR; however, I do not see a link to it from the Board DFPEIR webpage, nor do I know where this file resides. Please let us know where it is.

Thanks,
Rob

Rob,

I found the updated studies that were supposed to be on our final final EIR website:

<\\cosdi310\data310\Data\LUEG\DPLU\temp\Ashley Gungle\SOITEC SOLAR DEVELOPMENT\01-Website Update January 2015\00 Appendices FPPs>

With these studies replacing the previous ones, the EIR should make more sense now. Can you coordinate with Lea and or Bets on this?

Mindy,

The Rugged FPP that is in the folder referenced below has a cover date of December 2013 and does not include the Errata Sheet revisions. Per the Final DPEIR Errata Sheet we should have updated Rugged and TDS FPP's dated January 2015. Can you have Dudek send those to us?

Thanks,
Rob
